Nichole's Note: Dick has been a collector since he was a very young boy. He has taken pride in what he has of his parents, grandparents, uncles. He was a keeper of treasures. His collection is clean, very well taken care of. This history of the items he has is remarkable. I would love for you to join us on the this day to be able to purchase and appreciate what he has done. It is a trip through time whether it is with advertising, toy cars, lunch boxes, beer collections, games, they all have a history and now that history can be yours.
